

Solar Cleaning

2025

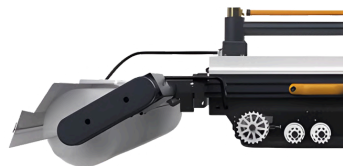

Easy Cleaning

All-Terrain Mobility
Crawler Chassis Without Blind Spots

Dual-Cleaning Brush
Efficient Wet/Dry Cleaning

Remote-Control
150m Wireless Operation

High Capacity
1.2MW Daily Panel Cleaning

Robot Parameters

Parameter	NF-X7
Operation Principle	DC motor control for travel and brush rotation
Working Voltage	24V
Power Supply Method	Lithium battery (24V) *2 pieces
Battery Life	3-4 hours
Ldling Speed	500 rpm
Cleaning Width	1100 mm
Cleaning Type	Dry cleaning/Water washing
Brush Bristle Material	Nylon
Travel Speed	22m/min
Water Consumption	20L/min
Control Methods	Remote control/handle control
Working Perspective	Less than 15°
Working Temperature Range	-20~50 °C
External Dimensions	1190 * 970 * 350mm
Equipment Weight	29kg (excluding battery) Battery Weight 3.5kg/ Block *2 Brush, Roller Weight 7kg
